

# Not sure what Instructional Method (“Inst Methd”) means?

CT State offers the following course types to address learning, scheduling, and safety considerations for all in our educational community:

Instructional Method Code	Course Location	Schedule	Instructional Method Description	Technology Needs
FLEX (Hyflex)	Varies based on method	Varies based on method (TRAD, LRON, ONLN)	<p>This course delivery method provides students with the most flexibility. In the Hyflex course design, students can:</p> <ul style="list-style-type: none"> <li>Choose to attend face-to-face, classroom-based synchronous class sessions (TRAD), <b><i>or</i></b></li> <li>Choose to participate in synchronous live remote online sessions presented via WebEx, Teams, or Collaborate, without physically attending class (LRON), <b><i>or</i></b></li> <li>Complete part, or all, of the course instruction asynchronously, without attending scheduled live sessions (either on-ground or remotely) (ONLN).</li> </ul>	<p><b>Student Technical Requirements - Minimum:</b></p> <ul style="list-style-type: none"> <li>Dependent upon participation method - <i>please refer to the TRAD, LRON or ONLN student technical requirements.</i></li> </ul>
HYBR (Hybrid)	Both on-ground and online	Scheduled on-ground class times; Online work as assigned	<p>Combines synchronous on-ground or remote instruction and asynchronous online instruction. <i>This course method is for courses that have <b>required hands-on components</b> that cannot be accomplished online or asynchronously, for example: labs, manufacturing, clinical, technology, or digital arts courses.</i> Students will be <b>required to attend scheduled class sessions on-ground or remotely</b> as noted in the schedule. Due to social distancing requirements, delivery of this instructional method may be limited, or alternatives to on-ground meetings may be implemented.</p>	<p><b>Student Technical Requirements - Minimum:</b></p> <ul style="list-style-type: none"> <li>A reliable computer (<a href="https://cscu.edusupportcenter.com/sims/helpcenter/common/layout/SelfhelpArticleView.seam?inst_name=cscu&amp;article_id=1912-1551795">https://cscu.edusupportcenter.com/sims/helpcenter/common/layout/SelfhelpArticleView.seam?inst_name=cscu&amp;article_id=1912-1551795</a>)</li> <li>A stable internet connection (not a hotspot)</li> <li>Multiple supported browsers installed (<a href="https://cscu.edusupportcenter.com/sims/helpcenter/common/layout/SelfhelpArticleView.seam?inst_name=cscu&amp;article_id=1912-1469199">https://cscu.edusupportcenter.com/sims/helpcenter/common/layout/SelfhelpArticleView.seam?inst_name=cscu&amp;article_id=1912-1469199</a>)</li> <li>Speakers</li> <li>Adobe Acrobat Reader (Free): <a href="https://get.adobe.com/reader/">https://get.adobe.com/reader/</a></li> <li>Office 365 (Free for enrolled students): <a href="https://supportcenter.ct.edu/service/office365.asp">https://supportcenter.ct.edu/service/office365.asp</a></li> </ul>

This may be according to a set rotating schedule to ensure social distancing (for example, 1/2 of the students are synchronous online on Tuesdays while 1/2 are on-ground in the classroom, and then the schedule is flipped), OR if social distancing is no longer a concern, students will have the option of attending class on-ground or continuing to participate via live online remote.
